

RIVERSIDE COUNTY FLOOD CONTROL AND WATER CONSERVATION DISTRICT

April 9, 2020

RESPONSE TO QUESTIONS

Mockingbird Canyon Restoration, Reaches 1 through 5

This document has been prepared to clarify elements of the Request for Proposal/Qualifications for the above-referenced project for which the Riverside County Flood Control and Water Conservation District (District) has received questions. The District will still receive questions in writing to Nick Guizado at nguizado@rivco.org no later than 4:00 p.m. on April 16, 2020. The response to all submitted questions will be posted on the District's website under the Public Notices section.

Question 1	Given social distancing restrictions in light of the Covid-19 pandemic, will the District accept fully digital submittals? If so, please advise new submittal instructions.
<i>Answer</i>	<i>Proposal/Qualifications packages are accepted per the Request for Proposal dated March 19, 2020. However, in lieu of the COVID-19 pandemic, fully digital submittals will be accepted under the following conditions:</i> <ol style="list-style-type: none"><i>1. Proposal file size must be less than 25 mb.</i><i>2. Proposal must be emailed to hktakano@rivco.org no later than April 30, 2020 at 2:00 p.m.</i><i>3. Proposal cost must be emailed separate from proposal. The email shall be sent to hktakano@rivco.org no later than April 30, 2020 at 2:00 p.m.</i>
Question 2	Is there any thought of postponing the due date by a few weeks or a few months?
<i>Answer</i>	<i>No, the submittal deadline will remain April 30, 2020 at 2:00 p.m.</i>
Question 3	George Johnson (County Executive Officer) came out this week and said that County Departments would need to cut back on Non-Essential Projects due to the downturn in revenues this pandemic has brought on. Is this project one that may be held back a little bit based on this directive? Or is Flood different since the majority of your funding comes from a different revenue stream?
<i>Answer</i>	<i>This project will not be held back due to the COVID-19 pandemic. The District's revenue stream is separate from the County's.</i>
